

FRONT ENTRY & LANAI ENCLOSURES

The perfect blend of form and function for your Florida home. From Tampa to Naples we've got you covered.

Screened Doors and Front Entries

One of the most compelling features of a screen door or screened front entry is the ability to enjoy wonderful cross ventilation while keeping pests out and pets in. Security is maintained through the use of strong locks and hinges. Choose from a huge selection of styles that will set your home apart or comply with your HOA guidelines. You can even design your own screen door to make it as individual as you are. A complete screened front entry will add even more space to your home and provide comfortable cross ventilation and many other conveniences that you may not have had before.

Lanai Enclosures

By enclosing or expanding your lanai, you open up the world of possibilities while maximizing your living area at a very reasonable cost. Enjoy an insect-free environment in a shaded relaxing place with family and friends. We have lots of options to make your lanai the perfect place to spend your time and match your lifestyle.

Ask our professional team at CRA to give you a no-cost, no-pressure estimate so that you can enjoy all that Florida has to offer from the comfort of your own home. You will be surprised at just how affordable your new screened front entry or enclosed lanai from CRA can be.
